# Classroom Newsletter

## SOCIAL STUDIES

I'm very proud of the work and effort the students put into preparing and writing for their state reports! They learned a lot about their states!

The State Float is due on Friday, March 5. You may bring the float to my room as soon as it is ready. Please remember to check the guidelines sheet to make sure all directions are followed.

Since this is my first year back to teaching, I completely realize that I may not be as clear on paper as I am in my mind with my expectations. Please let me know if there was anything that was unclear in the instructions for either the report or the float project. Please also let me know if the amount of time given was reasonable or if you felt rushed. Any comments are welcome so that this project can be a success next year as well!

*I haven't been very faithful at updating the website the last few weeks. Please accept my apologies...the website is now current with the weekly newsletter and grades are also up to date.*

## SPELLING

It is a review week this week. Attached, you'll find the words from the last five lessons. I'll choose 30 words from that sheet for the test on Friday.

## \*\*\*\*BIBLE\*\*\* PLEASE NOTE!

On Monday of last week, students took notes of six Bible vocabulary words on a separate sheet of paper. At that time, I told them those words would be on the test, but when we highlighted our notes, we forgot to highlight those words. On MONDAY, March 1, I will allow students who did not study those words to take a retest.

This week we will learn about the story of David becoming king.

### John 1:1-4

*In the beginning was the Word, and the Word was with God, and the Word was God. He was with God in the beginning.*

Through him all things were made; without him nothing was made that has been made. In him was life, and that life was the light of men.
